

about

Insurance Line ONE was initially founded in 2009. Our function was simple, it was the servicing of consumers who were being denied by the major Insurance carriers due to pre-existing medical conditions. Our focus was primarily on alternative health coverage solutions for these consumers who were literally being left out in the cold.

Over the past eight years Insurance Line One has grown from three employees to fifty. Health Insurance is now only one of several verticals that Insurance Line One services. We have separate divisions dedicated to Medicare Supplements, Auto Insurance and Home owners Insurance as well. We are proud to say that we are one of a handful of fully licensed National Insurance agencies licensed to write business in all fifty states. We can help get you Health Coverage in Texas, Auto Insurance in Illinois, Home owners in Florida, Medicare in New York and Life insurance in California.

Our Mission is to create a footprint in the Insurance Industry similar to the one Esurance left, with the additional goal of serving a greater number of insurance verticals. Look out for our three rings which symbolize our humble beginnings when we only employed only three people. Know with certainty that with those rings come service, loyalty and commitment not offered by anyone else in our field.
